

# Pocket PM - Privacy Policy

Effective date: 13 July 2026

## Information Processed

Pocket PM processes the content of product requirement documents (PRDs) and related webpage text in order to generate AI-powered review insights.

## API Keys

User-provided AI API keys are stored locally in the user's browser and are not transmitted to Pocket PM servers.

## Third-Party AI Services

When a review is generated, relevant PRD content may be sent directly to the selected AI provider (such as Anthropic, OpenAI, or Google) for processing.

## Data Storage

At this time, Pocket PM does not maintain a cloud database of user accounts, PRDs, or review history.

## Data Sharing

Pocket PM does not sell user data.

## Data Removal

Users can remove locally stored data by clearing browser extension storage or uninstalling the extension.

## Contact
